Hello all,

Please find attached a copy of the Request for Quote accepted by the Desbarats to Echo Bay **Planning Board** at its June 25th, 2023 meeting.

Resolution 40-2023 S. Bailey, T. Rydall

Be it resolved that the Planning Board accepts the Request for Quote as presented by JL Richards. (cd).

As seen on page 15 of the Proposal, the scheduled completion date is May 2024. The intent is that the total costs of the proposal will be shared between 2023 and 2024 between all four municipalities.

The Planning Board has yet to make a choice on whether a ALES or LEAR agricultural study will be chosen, however for budgeting estimates it would be recommended to utilize the number associated with the LEAR study (more expensive option - \$40,591). It is the intent of the Board to decide on what type of study will occur at one of its upcoming meetings in consultation with JL Richards. This information will be passed on to you to provide the best clarity for next year's budget(s).

Also, Jean will be sending out an invoice for the final levy for the Planning Board in the coming days! Thank you to all for getting the first levies back to us so soon!

If you have any questions, please let myself or Jean know!

Warm Regards

June 23, 2023

Hello,

We are writing to let you know that amendments were made to the following two regulations under the *Public Lands Act* (amendments will come into effect on July 1st, 2023):

- Ontario Regulation 161/17: Occupation of Public Lands under Section 21.1 of the Act
- Ontario Regulation 326/94: Crown Land Camping Permit (this regulation is applicable to non-residents of Canada camping on provincial public land north of the French and Mattawa Rivers)

The *Public Lands Act* (PLA) and its regulations provide the framework for the management and use of public lands in Ontario, including public lands covered by water. Ontario Regulation 161/17 provides that a camping unit may be placed and used on public land without express authorization from the ministry, as long as the requirements set out in the Act and regulation are met.

Proposal notices for the amendments were posted on Ontario's Regulatory Registry and the Environmental Registry of Ontario (ERO) (ERO number 019-6590) for a 46-day comment period between February 24, 2023 and April 11, 2023. In addition, the ministry hosted a series of online information sessions with Indigenous communities and organizations, municipalities, and stakeholders during this period.

The definitions in O. Reg. 161/17 were amended to clarify that floating accommodations cannot be placed or used for outdoor accommodation or camping purposes on public land covered by water. The same amendments were made to the definitions in O. Reg. 326/94 so the same restriction will apply to non-residents camping on public land covered by water north of the French and Mattawa Rivers.

None of the regulatory changes apply to a person exercising their rights protected by section 35 of the *Constitution Act, 1982* (Aboriginal or treaty rights).

d

The regulatory changes will not affect someone exercising their right to navigate, including reasonable moorage, which can only be regulated by the federal government (Transport Canada).

We invite you to review the details of the regulatory changes in the ERO decision notice (ERO number [019-6590](#)).

Sincerely,

Peter D. Henry, R.P.F.
