## 1.0 INTRODUCTION

Emergencies vary in intensity and complexity depending on factors such as the time of occurrence, weather conditions, severity of impact, nature of the affected infrastructure and buildings, and demographics. The Township of Tarbutt Emergency Response Plan is intended to provide a framework for the prompt coordinated response of government, private and volunteer resources when an emergency overwhelms the capacity of normal operations.

## 2.0 PURPOSE

This Plan does not replace existing operating procedures or guidelines that are used by other agencies responding to an emergency.
