1. STAFF AND COMMITTEE REPORTS

- a. Request for Zoning By-law Amendment
415A Lakeshore Drive

The Township is in receipt of an application for a site specific zoning by-law amendment for a property on Lakeshore Drive.

The property currently contains a cottage, but no other structures. The owner wishes to construct a garage near the road. Before obtaining a building permit, the owner seeks a reduction of the side yard setback due to the narrow lot size and width of the driveway.
